Stockton Series

1. Product Name

200 Designer Series Decorative Shelf Brackets. For regular-duty, decorative shelving applications for commercial, retail and home use.

2. Manufacturer

Knape & Vogt® Manufacturing Company
2700 Oak Industrial Dr. NE, Grand Rapids, MI USA 49505-6026
616.459.3311 | www.kv.com

3. Product Description

Basic Use: 200 Designer Series Decorative Shelf Brackets are manufactured for regular-duty storage and display applications in retail stores, businesses, and residential storage. Mounts to most wall types.

Composition and Materials:

Sizes:

Use 6" brackets for 6"–8" shelving:

Concord, Manchester, Oak Park and Stockton designs: 5-5/8" deep x 5-5/8" high

Use 8" brackets for 8"–12" shelving:

Baton Rouge designs: 7-5/8" deep x 8-3/16" high

Charleston designs: 7-5/8" deep x 7-9/16" high

Concord, Manchester, Oak Park and Stockton designs: 7-5/8" deep x 7-5/8" high

Finishes: Antique Bronze (AB), Black (BLK), Satin Nickel (SN), White (WH).

4. Technical Data

Applicable Standards: Brackets are tested to meet or exceed the ANSI performance standards as established by BHMA.

These load limits are intended to be used as general guidelines only, and no warranty — expressed or implied — is made by Knape & Vogt.

Results were obtained by laboratory testing in accordance with ANSI/ BHMA A156.9-2003 performance standard. (Load ratings based on brackets being mounted on 16" centers. Wider spacing will result in reduced load capacity.) Actual use conditions will typically result in lower load capacity than laboratory conditions.

Representative testing in a fully configured application is the only way to assure proper performance, durability, and safety.

Environmental Considerations:

Environment: Excessive humidity, salts, or other chemical agents can corrode the finish and attack metal or plastic components.

Fastening: Inadequate or incorrect fasteners can result in the brackets pulling loose and causing damage.

Alignment: Improper bracket alignment can result in a system that is ineffective and unsafe.

5. Installation

For maximum loading capacity, brackets should be mounted directly to wall studs, which are generally found on 16" intervals.

Use the recommended fasteners (1-1/4" - #8 flathead screws for countersunk holes, 1-1/4" - #8 panhead/trusshead screws for keyslot holes) in all holes to properly secure the bracket. Prior to drilling all holes, check to be sure that the bracket is vertically level.

Using a #8 or larger round-headed wood screw, attach the shelf to the bracket.

6. Availability and Cost

Availability: Knape & Vogt (KV) products are available from stocking distributors and through KV Representatives worldwide.

Cost: Current pricing is available from area KV® Representatives. Please call for the nearest representative at: 1.800.253.1561.

7. Warranty

Limited Lifetime Warranty: Knape & Vogt offers its standard Limited Lifetime Warranty to the initial purchaser of commercial products. This warranty covers defects in materials and workmanship which occur during normal use, and the remedy is limited to repair or replacement of defective products, at KV's option. Certain types of defects and damage are excluded from warranty coverage, costs and expenses are not covered, and additional restrictions apply. A copy of the Limited Lifetime Warranty, with all warranty details, limitations and disclaimers, is available on the Customer Care Connection location at www.kv.com or from KV Customer Service, 2700 Oak Industrial Drive, Grand Rapids, MI 49505, 1.800.253.1561.

8. Maintenance

200 Designer Series Decorative Shelf Brackets require no maintenance. Inspect for proper fit periodically and adjust when necessary. Replace as required or recommended by application.

9. Technical Services

Knape & Vogt and area representatives can assist with any application. For further information, or for the name of the representative nearest you, please call Knape & Vogt Customer Service: 1.800.253.1561 or visit our website at: www.kv.com.
